

Travel Through Time Tours

Hello and congratulations on being considered for the tour designer position in "Travel Through Time Tours." Since the time travel machine was invented we have an unprecedented opportunity in the travel industry.

Your first task is to develop a European trip ranging from 600 AD to 1300 AD. You must arrange appropriate clothing items, protection, and medical attention if the need arises. Our tourists want to receive the best possible service that most accurately enables them to experience this time period, right before the Mongols and the plague wreak havoc. Perhaps you can even arrange a visit with a famous person?

In order to map your trip you may use Prezi or Google slides to show us where and when your travels will take you. Or, for those truly adventurous, consider making a video of your trip. Your tour design must include the following:

- Five European nations with key locations that everyone "must see" in order to understand Medieval Europe
- During those visits your tour should include the following:
 - Historical milieus seeped in cultural traditions
 - A sense of danger, but not too much (safety first!)
 - An appropriate wardrobe for each occasion
 - VIP Encounters with famous people (from that time)
 - Shopping opportunities for luxury goods of the day
 - Appropriate money exchange information (who uses paper money, banking, credit, or coins)

For each location:

1. Give us an opening scene: what will people wear, what kind of money will they have with them, specifically where will they unload the time travel machine (in the Hagia Sophia, outside the Hagia Sophia?)
2. What directions are you going to give your visitors? Are you going to have them join an activity (fight in the Crusades or maybe even the Battle of Tours)? Are they going to go on a scavenger hunt? Are they going to meet someone special and listen to them speak? Are they going shopping for a particular item? What kinds of food will they eat?
3. What activity will you use to bring a conclusion to this location?
4. This activity must be shared with me by the first day of school.

Activity #2

Please purchase the BARRON'S AP European History Review book 9th Edition or later. Read the section, "Using This Book" at the beginning of the book to familiarize yourself with the format of the AP Exam. Also, read Chapters 1-3. Take the Time Period One Multiple Choice Practice Assessment. Score your multiple choice and turn in to me on the first day of school.

Activity #3

I will expect you to be able to locate on a map of Europe the following countries and other geographical features. You will take a test on these countries and their capitals on the second day of school. There are multiple online map quizzes and tests that you may access for practice
