**RAISING THE BAR**

“ Sport has the power to change the world. It has the power to inspire. It has the power to unite people in a way that little else does. It speaks to youth in a language they understand. Sport can create hope where once there was only despair. ”

## Panther Pride - Our Why

Athletics at Pinewood are designed to promote the Pinewood ideals of commitment, pride, discipline, hard work, and integrity. Student-athletes will learn to accept both success and failure graciously. We know the skills and work ethics developed on the field translate into a better student in the classroom. Students engaged in athletics are more organized, more connected, and more engaged in their education. They learn healthy habits, strategic thinking, good sportsmanship, and build confidence. We provide our students with a first-class education, it's time we match their commitment in the classroom to their commitment on the field and maximize their potential.

# Budget, Timeline, and Deliverables

**Pinewood Prep's Game On - Raising the Bar Project costs \$6 million for a new athletic center and artificial turf field.**

This project will transform our campus and benefit our entire community -- across all age groups, sports, and activities.

The new facility will have gender-equitable locker rooms for our talented student-athletes.

Our students will train in a first-class fitness center with state-of-the-art training room facilities.

It will provide a multipurpose room (Board Room or PAC Room) for admissions, alumni, donors, et al.

The field will be an artificial turf for football, soccer and lacrosse that will always look fresh and clean, is playable year-round, and can be rented out for auxiliary revenue.

The goal is to upgrade our athletic experience while staying fiscally responsible to the school. We hope to start construction immediately and have the turf ready for our first 2022 football game!
