

The Lower School at Pinewood

Give your child an opportunity to experience Pinewood and everything we have to offer.

For over sixty years, Pinewood has provided exceptional educational opportunities for students in preschool through twelfth grade. Our safe, warm, family-friendly 43 acre campus features small class sizes and the individual attention your child deserves. Pinewood also offers an array of programs and extracurricular activities for all ages.

Arrange a tour today and discover Pinewood.

"As parents, we have invested our love, our time, our values and our energy into raising our children... they are worth investing our money into the best education we can give them as well."

"The faculty at Pinewood is second to none -- state and national award winning teachers working hands on with our children! It is one of Pinewood's many crowning achievements."

Why Pinewood? Because our 6 year old cried when she found out that she had to miss 2 days of Kindergarten to go to Disney World... she said she didn't want to miss anything "important"!
